Bill

“Thank you. The Teaching Genius of Jesus training was right on target and as I said we will adapt the P-E-A-C-H evaluation rubric for our use! Also, we will continue applying what we learned by using The Teaching Genius of Jesus book together as a group, chapter by chapter over the next five months. So, with a morning of intensive training, an evaluation tool in our hands, and ongoing review/application of the concepts for the next five months—I’d say you hit a home run 😊 Let’s keep in touch!” Pastor Bob See

THANK YOU FOR YOUR PARTNERSHIP WITH GOD, US & CADRE!

These are challenging economic times, yet your faithful prayers and generous financial support continue to bless and encourage us... so we can be out and about doing our best to bless and encourage many others. THANK YOU for being our partners!

Celebrating Bill’s 47th birthday with the family last month. Bill got a wiffle ball and bat, lots of chocolate, and lots of love from the kids. It all made turning 47 a little easier.
