Six months ago I did a week of training for CEF's summer missionaries. I got this note January 1st. It's God doing His thing! All glory to Him and thanks to you for your partnership with God & us.

Hey Mr. Allison!

I wanted to thank you for the incredible impact you've had on my life! I worked at Camp Good News and was there for the training camp when you spoke. I came to training camp needing some serious spiritual help. I knew I was a Christian and I had the desire to serve God, but something was missing. My relationship with God just wasn't happening and the harder I tried the more tedious it became. I was discouraged by the spiritual rut I found myself in and no matter how hard I tried I couldn't get out.

Then you talked one evening about wrestling with God, and oh man I knew that was me. That night I left the chapel and cried out to God. I realized that my strategy to overcome my problems was all based on me just being strong enough and trying hard enough. I tried and tried though and failed. So that night I surrendered myself to God. He showed me that "He is God and I am not." When I put my faith in myself to fix things, it never works, so I decided to turn things over to Him and let Him take control. Wow-best decision ever!

I have been blown away as I've watched Him change me and work through me! I was blessed with an amazing summer and now I'm experiencing a relationship with God in ways I never have before! He has made me a new person with a love for Him that I could never have made happen by myself! I am so thankful for all God has done with me and I wanted to share that with you! It wasn't you who changed my heart but I am confident you were a tool that God used in miraculous ways! Thank you so much for answering His call to you and letting Him use you in my life!
